Influence Style Indicator™ Self-Paced Certification

Get certified to use The Influence Style Indicator™ tool with Neural Networks.

Neural Networks offers a blended-learning certification program that will allow you to administer the assessments, generate reports, deliver presentations and facilitate activities that complement the tool. The certification can be completed remotely and at your own pace in three easy steps.
Complete in three easy steps!

✉ Step One
Contact us to register and begin the certification process.

🖥 Step Two
Complete the self-guided online learning modules at your own pace.

👤 Step Three
Participate in a coaching call with one of our certified master trainers

→ What's Included

- Certification in the Influence Style Indicator™
- The opportunity to take the Influence Style Indicator™ assessment yourself
- Online training modules and one-to-one coaching with a Neural Networks certified master trainer
- Access to the Online Assessment Centre to easily administer the ISI with your clients.
- Downloadable facilitator guide, PowerPoint slides, sample reports and resources to enable you to run workshops using the assessment.
- Ongoing support post-certification from your coach.
